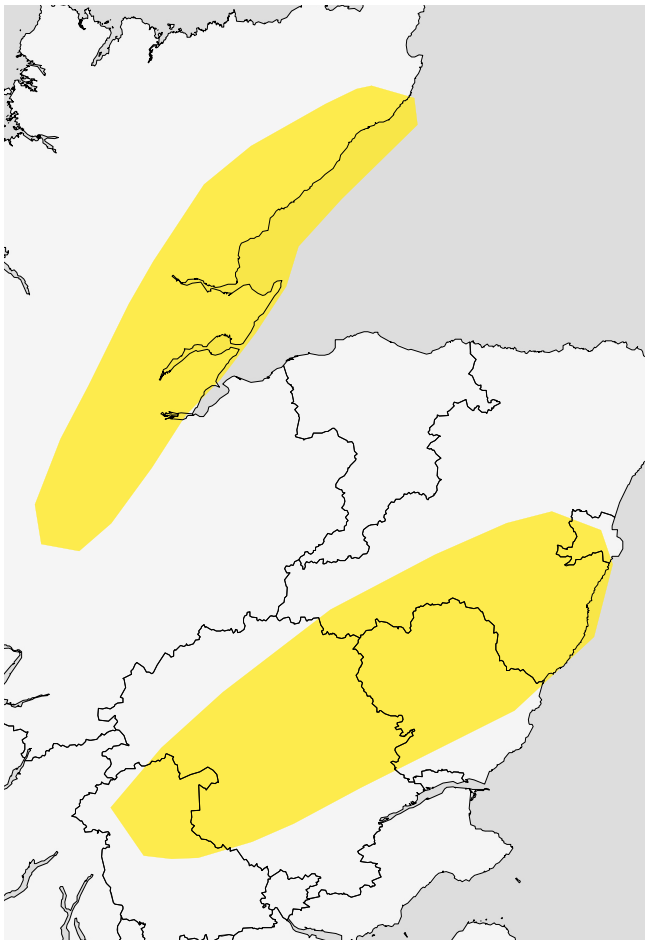
Yellow warning
Rain

Between
20:00 Fri 14 Jul 2023 and
08:00 Sat 15 Jul 2023



A wet evening and night with some disruption from rainfall likely.

What to expect

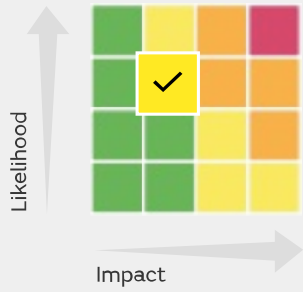
- Spray and flooding on roads probably making journey times longer
- Flooding of a few homes and businesses is possible
- Bus and train services probably affected with journey times taking longer
- Some interruption to power supplies and other services possible

Further details

Rain will become heavy and persistent across Scotland from the south this evening, clearing later in the night.

Many areas will see 15-25mm, with some places, particularly higher ground of Angus, Aberdeenshire and East Highland seeing as much as 40-60mm. Lightning may be an additional hazard in a few places.

Some disruption to transport and infrastructure is likely.



✓ Medium likelihood of low impacts
